

Valentine Gifts

Five boys wanted to show their affection for five girls, but each wanted to do so in his own way. Use the clues below to help you match the boys with their girlfriends and their Valentine gifts to them.

Clues:

1. Erin received a romantic valentine from her secret admirer, whose name did not begin with a letter in the last half of the alphabet; and it did not have the same number of letters as her own.
2. Steve is a practical joker, so he purchased a fake arachnid and slipped it inside his girlfriend's desk.
3. One boy, whose girlfriend shares his first initial, thinks she is sweet; so he gave her a sweet edible surprise.
4. Sean has a good sense of humor and hates "mushy" gifts, so he sent his girlfriend a humorous surprise through the mail.
5. Lisa has stickers all over her notebook, so her boyfriend (whose name doesn't begin with "C") gave her one as a gift.
6. Monica nearly jumped out of her skin and screamed loudly from fright when she received her gift; while the candy recipient replied excitedly, "Oh, John, you really shouldn't have!"
