

WEEK 1

Preparation

- Divide the class into groups of 2 or 3.
- Print out Oooo! I got it! activity sheet onto durable paper.
- Cut out cards and give one set to each group.

Oooo! I GOT IT!

This activity gives students the opportunity to practice decoding and discrimination of sounds.

Instruct Students

Have students place cards face down in a center pile. One student turns over a card. If the word on the card has the /ü/ sound, he can say “**Oooo! I got it**”, read the word and keep the card. If the card does not have the /ü/ sound, the student reads it and places it in a discard pile. Then, the next student turns over a card and checks for the /ü/ sound, repeating the process.

The game ends when all of the cards are gone. If a student turns over a card with the /ü/ sound, but does not notice and discards it, the next student can take that word from the discard pile and say “**Oooo! I got it**” and keep the card.
